

The Async Standup Playbook

A Waymark Library field guide for remote and hybrid teams.

1. Replace the daily meeting with a written pulse.
2. Ask three questions: shipped, blocked, next.
3. Time-box replies to ten minutes at start of day.
4. Escalate blockers in a dedicated channel, not the pulse.
5. Review the pulse weekly; retire rituals that add noise.

Keep the signal high. Protect deep work.
